REAL STEEL

gotta be there!

REAL PROUD

"You are the best supporters in the country and having you stand behind us makes me proud to be a Southerner."

Reinga Bloxham
Southern Steel Head Coach

Heading into the 2022 season, my sixth season as Head Coach with the Steel, I felt that I had experienced most things that a coach has to deal with. However, when the season ended and I had time to reflect, I knew that I had just made it through one of the toughest seasons of my coaching career.

There was no coaching manual that had suggestions on how to deal with your team getting hit with Covid and following return to play protocols while navigating through rescheduled games and a condensed competition. The team had real potential and were able to show this but by the end of the competition we were not able to achieve our goal of a top three finish which was disappointing.

After reflecting, there was still plenty to be proud of post season. We had three players make the Silver Ferns trial. George Fisher was the most accurate shooter in the competition and we had beaten the Mystics with their full strength team and retained the Georgie Salter Memorial trophy. We came back from 11 goals down to beat the Pulse in what was one of the most exciting finishes I've witnessed after going into extra time. We also took the Stars into extra time and came through the season with no major injuries.

The best part, after starting the season with only 100 spectators at our games, we welcomed back crowds! You were all so patient, taking your opportunity to come and support us even when numbers were limited and we really appreciated that. But to have you all packed back into the ILT Stadium Southland fortress was the best thing ever!

I'm looking forward to a more settled season in 2023 and can't wait to hear you roar as we head into battle against the teams who take us on here at home. You are the best supporters in the country and having you stand behind us makes me proud to be a Southerner.

Bring on 2023,

gotta be there!
